If public health conditions so require and/or no discovery controversies exist at that time, the parties may request that the conference be held telephonically.

All remaining provisions of the Initial Case Management Order, dated January 19, 2022 (Dkt. 20), remain in effect. Since this is the fifth modification to the Initial Case Management Order and represents a substantial (3 month) enlargement of time, **no further extensions shall be granted absent compelling circumstances**.
